

# WINTER DAYS of LARYNGOLOGY, Crans Montana, 2013

## PROVISIONAL PROGRAM

### WEDNESDAY 16TH OF JANUARY

Evening session (18.00-19.30)

#### **"Injection or framework surgery thyroplasty: indications and pitfalls"**

Moderator: *Gauthier Desuter*

- ▶ "Addressing the arytenoid in voice reconstruction" *Ramon Franco (20')*
- ▶ "Inject early and medialize later" *Pavel Dulguerov (20')*
- ▶ "Respective indications for injection laryngoplasty or medialization thyroplasty" *Marc Remacle (20')*
- ▶ "Wrap up and conclusions" *Gauthier Desuter (20')*

### THURSDAY 17TH OF JANUARY

Morning session (8.00 – 11.00)

#### **"Treatments of advanced laryngeal cancer: functional outcomes & QOL"**

Moderator: *Marc Remacle*

- ▶ "Advanced laryngeal cancer : surgery or chemoradiation" *Pavel Dulguerov (40')*
- ▶ "The Barcelona's experience" *Miquel Quer (40')*
- 
- ▶ "Functional outcomes after reconstructive laryngectomy" *Kishor Sandu (20')*
- ▶ "TORS for total laryngectomy: functional outcomes (the rationale)" *Georges Lawson (20')*

Afternoon session (16.00-18.30)

#### **"Treatments of advanced laryngeal cancer: functional outcomes & QOL" continued**

Moderator: *Miquel Quer*

- ▶ "Functional and QOL assessments tools after laryngeal cancer treatment: a review" *Jan Vanderwegen (30')*
- ▶ "Swallowing functions after chemoradiation for hypopharyngeal cancer" *Philippe Schultz (30')*
- ▶ "Chemoradiation versus laryngectomy: an overview of the recent literature" *Corina van As (30')*
- ▶ "Tongue strength and dysphagia in head and neck cancer patients treated with chemoradiation: assessment and rehabilitation using Belgian normative data" *Jan Vanderwegen (30')*

### FRIDAY 18TH OF JANUARY

Morning session (8.00-11.00)

#### **"Larynx and esophagus: how do they go along?"**

Moderator: *Gauthier Desuter*

- ▶ "Laryngo-pharyngeal reflux (LPR): state of the art" *Georges Lawson (20')*
- ▶ "Pharyngeal pH-metry (Restech): how it works and value-added within the LPR armentorium" *Vincent Bachy (20')*
- ▶ "Reflux and total laryngectomy: literature overview" *Corina van As (20')*
- ▶ "Dysfunctions and diseases of the UES" *Gauthier Desuter (20')*
- ▶ "Treatments of the Zenker's diverticulum" *Yves Goffart (20')*
- ▶ "Eosinophilic esophagitis: the ENT perspective" *Micaela Ödman-Jaques (20')*

Afternoon session (16.00-18.30):

#### **"Tracheal Stenosis"**

Moderator: *Pavel Dulguerov*

- ▶ "Sub-glottic stenosis and office based balloon dilatation" *Ramon Franco (20')*
- ▶ "Hydroxychloroquine as treatment for inflammatory subglottic stenosis" *Gauthier Desuter (20')*
- ▶ "Tracheostomy repair" *Mark Varvares (20')*
- ▶ "Retrospective study on surgical treatment for tracheal stenosis" *Vincent Bachy (20')*
- ▶ "Our Experience with T-Tubes and Salivary Bypass Tubes" *Georges Lawson (20')*

### SATURDAY 19TH OF JANUARY

Morning session (8.00-11.00)

#### **"The scarred larynx: physiopathology, incidence, diagnostic, treatments and results"**

Moderator: *Philippe Schultz*

- ▶ "What can we learn from the literature about laryngeal scarring?" *Pavel Dulguerov (20')*
- ▶ "The Boston's experience" *Ramon Franco (20')*
- ▶ "The Godinne's experience" *Marc Remacle (20')*
- ▶ "The Ghent's experience" *Katrien Bonte (20')*
- ▶ Round-table and Discussion
